

## Client Feedback

Thank you for doing such a beautiful job on the site.  
It far exceeds anything I was expecting

— Paul Mazzio  
www.paulmazzio.com

Fellene... you are the best graphic artist ever! I owe you so much! My graphics are fabulous, my emails get great results and I get so many glowing comments on my website at every gig. Thanks so much.

— Linda Michelet  
www.lindamichelet.com

I finally got back the evaluation of the website from Elders in Action. We got a nearly perfect score! They really liked the look and readability of the site. Thanks and congratulations on a job well done

# Sirius Websites & Marketing

Since 2004, Sirius Media has been providing scalable, affordable web solutions for small businesses, non-profits and individuals. We know you don't have a big budget and every dollar counts. That's why we have starter web packages that include the features most business owners want on their website. We make it easy to get online today with a site that is ready to grow with your goals.

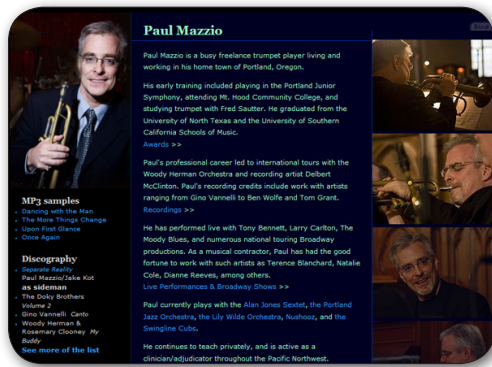

With over a decade of web experience, we'll get your site noticed on Google, yodel on Yahoo and even make it Tweet if that's what you need. Start with a single page or create a catalog, we'll make sure it's a masterpiece.

**Nervous about launching your business online? Relax. Sirius is on your side.**

*Simple websites have the lowest cost and highest return on investment of any marketing medium.*

## Simple Homepage at a Sweet Price

\$300

Build a homepage on the web that tells the world you're here. Included in this package is a single template based web page with:

- Web address based on your business name
- Custom template-based page design coordinated to work with your color scheme and fonts
- Use of one company logo\*
- One large and two small photos\*
- 500 words of content marketing your business\*
- Business information including
  - hours
  - address
  - phone
  - email link to your email address
  - map link to your location

Web site hosting is not included in package pricing. We can help you choose the right plan from the many low cost hosting plans available online.

\* In these packages, the client provides all written content, photography and logo. Design, photography and copywriting services are available at standard hourly fee.

## Business Brochure 4 Page Website

\$1000

If your business has grown and it's time to add more to the website, consider this option. In addition to the home page as described for the Simple Homepage, the Business Brochure includes three more pages of content based on the same template customized with your logo and colors.

Typical brochure pages are: About Us, News, Contact Us, Products, Research, or Promotions. Each page of content includes:

- One large and two small photos\*
- 1000 words of copy\*
- Search engine optimization and registration

Additional pages using the same template can be added to this package for a cost \$250 per page.

## Email Marketing Newsletter

\$150/\$50

Save paper and money on print and postage with an email newsletter. Know how many people read each edition immediately. If you have a list of email addresses to start with, you're ready to go. If not, we can help you build your list.

Package includes email template and production of three editions, not including cost of delivery.

- \$50 per email broadcast, plus cost of delivery

## Adding More Features

Put out the red carpet and see who shows up. If you want to add more interactive features ask about adding the options below. Prices vary depending on size of project and time required:

- Animated ads, intro or banner
- Audio podcast or Youtube videos
- Facebook or MySpace page
- Online catalog and shopping cart
- Search engine ad campaigns
